F. Bond Refunding Activity

- (1) The state is required to disclose advance refunding of debt activities as part of the CAFR. To meet this requirement agencies that engaged in advance refunding activity during the fiscal year are to provide the following disclosure information:
 - (a) A general description of the transaction.
 - (b) The difference between the cash flows required to service the old debt and the cash flows required to service the new debt and complete the refunding. When measuring the difference between the cash flows, additional cash used to complete the refunding paid from resources other than proceeds of the new debt (e.g., issuance costs or payments to the escrow agent) should be added to the new debt cash flows. Accrued interest received at the bond issuance date should be excluded from the new debt cash flows.
 - (c) The economic gain or loss resulting from the transaction. Economic gain or loss is the difference between the present value of the old debt service requirements and the present value of the new debt service requirements, discounted at the effective interest rate and adjusted for additional cash paid, as noted in (b) above. The effective interest rate is the rate that, when used to discount the debt service requirements on the new debt, produces a present value equal to the proceeds on the debt (including accrued interest) net of any premiums or discounts and any underwriting spread and issuance costs that are not recoverable through escrow account earnings.

Bonds Disclosure - Form D - continued

F. Bond Refunding Activity - continued

- (2) Examples of bond refunding disclosures for bonds accounted for in the General Long-Term Obligations Account Group and a Proprietary Fund in on the following page.

(a) General Long-Term Obligations Account Group Refunding

On October 1, 199x, the state issued \$127.7 million in General Obligation Bonds (Series R-93A) to advance refund \$113.3 million General Obligations Refunding Bonds (Series R-89O) accounted for in the General Long-Term Obligations Account Group. The refunding was undertaken to achieve a debt service saving of \$10.9 million over the next 16 years, and to obtain an economic gain of \$6.9 million.

(b) Proprietary Debt Refunding

On May 1, 199x, \$1.3 million in Housing and Dining System Refunding Bonds (Series 199x) were issued to advance refund \$1.2 million in Housing and Dining Facility Bonds (Series 198x) accounted for in the Student Services Fund. The net proceeds were used to purchase U.S. Government securities that were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the bonds. The refunding resulted in an aggregate debt service decrease over the next 19 years of \$300,000 and an economic gain of \$74,000.

Agency Title _____ Agency Code _____

G. Refunded Bonds Outstanding

- (1) In all periods following an advance refunding for which defeased debt remains outstanding, the state is required to disclose the amount of that debt outstanding as of fiscal year end. To meet this requirement, agencies that have engaged in advance refunding activities during this or prior fiscal years are to provide the following information:
 - (a) Type of bond refunded, i.e. General Long-Term or Proprietary;
 - (b) Name of bond issue refunded;
 - (c) Amount authorized to be refunded;
 - (d) Amount refunded;
 - (e) Amount of refunded debt redeemed to date by trustee; and
 - (f) Balance of refunded debt outstanding.
